BUXUS SEMPERVIRENS WELLERI

BOXWOOD—Weller's Hardy Northern Type

HARDIEST BOXWOOD ON THE MARKET

The satisfaction of Buxus Welleri as the hardiest Boxwood on the market is well established, for they have been planted in every section of the country and repeat orders and unsolicited expressions from customers make us happy to continue to offer them.

Do not confuse with the Suffruticosa variety. Welleri has much better foliage and it grows faster, thus making a quicker and better hedge and still it may be trimmed and kept low and dense to any size in dwarf hedge form or edging.
